Subject: Request For Job in Systems and Networks

Dear Recruitment Manager, I am writing to apply for an job in the field of systems and networks, as advertised in your job advertisement. As a technician specialized in NTICI systems and networks, I acquired a solid theoretical and practical training in network administration, systems administration, Python programming, and task automation.

I am currently looking for an job in this field to deepen my knowledge and gain concrete professional experience. Y was able to acquire practical skills in Windows Server (ADDS, DNS, IPAM, WDS, DHCP), Linux Server Redhat (Storage, DNS, DHCP), virtualization (VMware, VirtualBox, Proxmox), Cisco (Routing, Switching, security), and scripting with Python, Shell Scripting and Powershell.

I also had the opportunity to lead a team and develop my skills in troubleshooting system and network issues. I am passionate about IT and I am convinced that this job will allow me to develop my skills, gain experience and deepen my knowledge in the field.

Outside of my job , I'm also a fan of sports, reading ebooks. I also have a good knowledge of English and French, which allows me to communicate easily with colleagues and clients.

I am available for an interview to discuss how my skills and experience can benefit your business.

Thank you for your time and consideration.

Cordially,

Ohtmane EL Ghalmi
